

COATED PRODUCTS DIVISION

Clear BOPP Repositionable Label Stock

Print Base

2.0 mil (0.002") clear, print-primed BOPP film with a repositionable microsphere acrylic adhesive supplied on #42 SCK liner.

The BOPP film accepts most waterbased and UV inks. The clear, glossy surface is ideal for high resolution rendering of graphics. The microsphere adhesive provides excellent tack to a variety of surfaces without leaving residue upon removal, even after prolonged application time.

Adhesive Properties

CPD 300 Repositionable Microsphere

Adhesion to Stainless Steel

2.0 - 3.0 oz/inch (20 minutes)

Shear Strength

24+ hours (1.0" x 0.5", 500g)

Construction

2.0 mil Clear BOPP
Microsphere Acrylic
42# SCK Liner

As with any removable/repositionable adhesive labelstock, it is the responsibility of the user to test the adhesive against the intended surface for compatibility and functionality.
