## Two-sided Translucent Repositionable Adhesive Tape

### Description

Two-side coated, repositionable adhesive translucent vellum paper wound upon itself without the need for a release liner. Useful as a mounting material for scrapbooks, temporary affixing of paper-to-paper materials.

The adhesive coatings are removable from a variety of surfaces without leaving residue or developing a permanent bond.

### Average Adhesive Strength

Standard Lab Panel:	0.8oz/inch
High Rag Content Paper:	1.5oz/inch
60# Offset Paper:	2.0oz/inch

### Construction

Microsphere Adhesive	
110 gsm vellum (0.0035")	
Microsphere Adhesive	

As with any removable/repositionable adhesive labelstock, it is the responsibility of the user to test the adhesive against the intended surface for compatibility and functionality.
