

COATED PRODUCTS DIVISION

2.7 mil White BOPP Wall Signage

Print Base

2.7 mil (0.0027") white, print-primed BOPP film with a repositionable microsphere acrylic adhesive supplied on 78# clay coated release liner (0.005").

The BOPP film accepts most waterbased and UV inks. The bright white, glossy surface is ideal for high resolution rendering of graphics. The microsphere adhesive provides excellent tack to a variety of surfaces without leaving residue upon removal, even after prolonged application time.

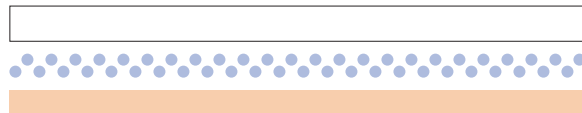

Adhesive Properties

Adhesion to Stainless Steel
4.0 - 6.0 oz/inch (20 minutes)

Shear Strength
4+ hours (1.0" x 0.5", 500g)

Construction

2.7 mil White BOPP
Microsphere Acrylic
78# Clay Coated Liner

As with any removable/repositionable adhesive labelstock, it is the responsibility of the user to test the adhesive against the intended surface for compatibility and functionality.
