## One-Sided Translucent Repositionable Adhesive Tape

### Description

Coated one-side, repositionable adhesive translucent vellum paper wound upon itself without the need for a release liner. Useful as a mounting material for scrapbooks, temporary affixing of paper-to-paper materials.

The adhesive is removable from a variety of surfaces without leaving residue or developing a permanent bond.

### Average Adhesive Strength

Standard Lab Panel:	0.8oz/inch
High Rag Content Paper:	1.5oz/inch
60# Offset Paper:	2.0oz/inch

### Construction

110 gsm vellum (0.0035")

Microsphere Adhesive

As with any removable/repositionable adhesive labelstock, it is the responsibility of the user to test the adhesive against the intended surface for compatibility and functionality.
