

Stik-Withit® Display Paper 70# Bright White Digital Offset

Product Description

70# bright white digital paperstock with a high tack microsphere repositionable adhesive laminated to a 3.2 mil clay coated layflat liner. Can be easily die-cut. Good for **temporary signage** and **poster displays** on many types of prepared walls. Available in sheet and roll. Not recommended on glass or untreated wood.

Printing

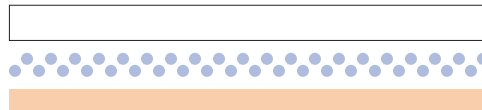

The 70# facestock is compatible with HP Indigo®. Poster material is also compatible with standard offset printing and laser imaging.
