

## Stik-Withit® Poster Paper - 70# Matte White Offset

### Product Description

Bright, white clay-coated heavy paperstock with a high tack microsphere repositionable adhesive laminated to a 78# clay coated layflat liner. Printable by flexo, offset or laser, either in roll form or sheeted. Adhesive can adhere to many surfaces and not leave residue upon removal. Good for temporary signage and poster display.

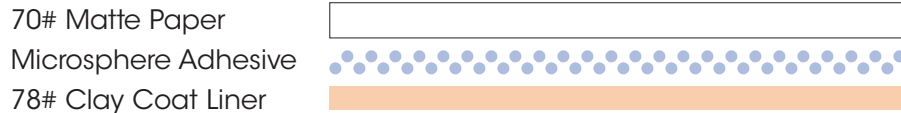

### Adhesive Properties

CPD 600 Repositionable Microsphere

Adhesion to Stainless Steel  
8.0 oz/inch (10 minutes)

### Construction

Facestock: 70# Matte Clay coat - 0.0035"  
Liner: 78# Clay coat release - 0.0047"  
Total Thickness: 0.0087"

As with any removable/repositionable adhesive labelstock, it is the responsibility of the user to test the adhesive against the intended surface for compatibility and functionality.
